 - (i) who organized it.
 - (ii) who was leading it.
 - (iii) who controlled it.
 - (iv) how it was being controlled.

MANAGEMENT:

A management is a distinct process consisting of planning, organizing, actuating and controlling to achieve the desired goals or objectives. The project which was assigned to us was uplifting a small business startup in which we applied four main functions of management that are planning,organizing,leading and controlling.

FUNCTIONS OF MANAGEMENT:

1:PLANNING: Setting goals , establishing strategies for achieving those goals and developing plans to integrate and coordinate activities is known as planning.

EXPLANATION: Firstly, to start the project funds were needed so we took permission from the HOD of Management Sciences for fundraising. The plan was made that the fund collection will be submitted to MALIK ASNAAN and he will also edit the video. Group leader and focal person will be AMINA TABASSUM and making flyer was also her responsibility. It was decided that male group members (MALIK ASNAAN and M.HASNAIN KHAN) will buy all the things needed for the startup business and will provide material to the lady for frozen food. It was decided that AMINA TABASSUM will shape the menu to support the small business. Lastly, it was decided that AMINA TABASSUM and RACHEL JOY will do the report writing.

2:ORGANIZING: Determining what needs to be done, how it will be done, who will do it, arranging and structuring the work.

EXPLANATION: Tasks for the project were divided among the group members, and we started to work on it. The flyer was made by AMINA TABASSUM and by the help of that flyer funds were collected. After the funds were collected from the donors they were handed over to MALIK ASNAAN and then both MALIK ASNAAN and M.HASNAIN KHAN bought the required material and provided it to the needy woman . AMINA

TABASSUM made the menu to support that small business more and stood as a focal person to communicate with that lady. MALIK ASNAAN then made the video and lastly the report was written by RACHEL JOY and AMINA TABASSUM.

3:LEADING: Working with and through people to accomplish organizational goals and to motivate people.

EXPLANATION: AMINA TABASSUM played a major role as the group leader and assisted group members efficiently.

4:CONTROLLING: Monitoring , comparing and correcting activities to ensure that they are accomplished as plan.

EXPLANATION: At last all the plans were being monitored and compared and small mistakes were corrected
